Get to know the new Transferpette® S -8

The Transferpette® S air displacement pipette allows you to work efficiently and ergonomically with both small and large volumes. Low operating forces and a short stroke ensure relaxed pipetting, even during long pipetting series. Due to its perfect ergonomics, the Transferpette® S provides a comfortable grip in any hand position, whether you are right- or left-handed, or have big or small hands. Changing your grip is not necessary, since the microliter pipette provides true one-hand operation: set the volume, pipette, eject the tip.

Your benefits:

- + Efficient: one-hand operation
- + Flexible: ergonomic design for all hand sizes
- + Reliable: volume-change protection prevents accidental adjustments
