Transferpette® S

Do not miss our special Festive Promotional offer on Transferpette® S – single channel, Transferpette® S 8/12 multichannel and Transferpette® Electronic single channel – Valid until March 31, 2024

BRAND. For lab. For life.®

Get to know the Transferpette® S.

The Transferpette® S air displacement pipette allows you to work efficiently and ergonomically with both small and large volumes. Low operating forces and a short stroke ensure relaxed pipetting, even during long pipetting series. Due to its perfect ergonomics, the Transferpette® S provides a comfortable grip in any hand position, whether you are right- or left-handed, or have big or small hands. Changing your grip is not necessary, since the microliter pipette provides true one-hand operation: set the volume, pipette, eject the tip.

Your advantages:

- + Efficient: one-hand operation
- + Flexible: ergonomic design for every hand
- + Reliable: volume-change protection prevents accidental adjustments
- + In-house Calibration - Maintenance and cleaning without any tools
